Room 420

WMPF BROWN BAG LUNCH SERIES

Westchester  
gov.com

Andrew J. Spano, Westchester County Executive  
County Board of Legislators

## The Use of Visual Techniques in the Land Use Decision Making Process

### Moderator:

- Syrette Dym, AICP, Senior Vice President, Saccardi & Schiff, Inc.

### Speakers:

- Michael Smith, Vice President, Richard Henry Behr Architect, PC
- Peter Gaito, Jr., Peter Gaito Associates, Architects & Planners

This is a great opportunity for all those who prepare, or participate in, presentations for the public or for peers.

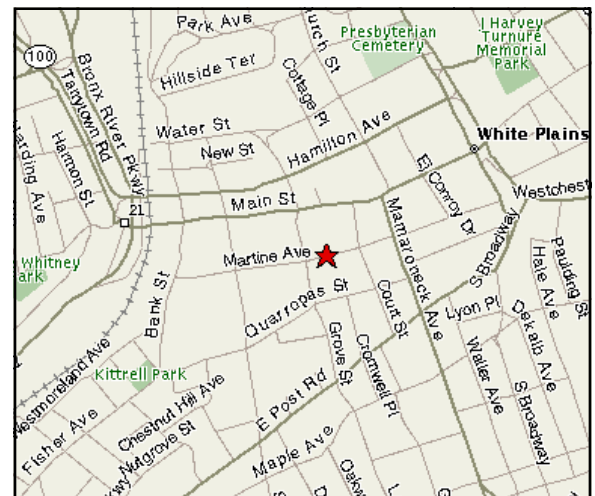

Two experienced architects will present an overview of techniques available to visualize future development. This can involve a single site, a neighborhood or even as large a scale as a downtown area, and will assist professionals or volunteers in understanding the impacts of proposed plans and developments. Planners, local decision makers or citizens can benefit from learning which techniques are appropriate to use in particular contexts in order to achieve the necessary and desired understanding.

Westchester County  
Michaelian Office Building  
Planning Department's  
Cassella Conference Room 420  
148 Martine Ave  
White Plains, NY 10601

Beverages and dessert will be provided.
